Re.: Employment Verification for Mr. Daniel Alejandro Meneses Baez

To Whom It May Concern:

This letter confirms the employment of Mr. Meneses Baez with Santiago Stock Exchange from 05/17/2010 to 04/30/2011. I have been employed by the Santiago Stock Exchange since year 1998 in the position of Chief Information Officer (CIO), and in this capacity I can attest that during the aforementioned period, Mr. Meneses Baez was employed in the position of software engineer in a full time capacity.

In this position, he engaged in analyzing, designing, and implementing software solutions for the stock trading platform, and utilized the following skills set:

- Monolith and Microservice Architecture
- Java skills
- Database skills
- Git or equivalent source control system
- Advanced Backend System Programming

Please do not hesitate to contact me should you have any questions.

Thank you,

BOLSA DE COMERCIO DE SANTIAGO
BOLSA DE VALORES

Andrés Araya Falcone
Chief Information Officer
